MISSION, VISION, CORE VALUES

Our Mission

Provision of specialty services for the protection of lives, facilities, and the environment through professional resources utilization to meet and exceed customers' needs and advancement of human capital.

Our Vision

A leading Construction company with professionalism and functional system that delivers world class services by sustaining motivated employee that respond excellently to customers' needs.

Core Values

- Safety
- Integrity
- Professionalism
- Innovation & Creativity
- Quality Delivery

CORE VALUES

1. SAFETY

Safety is a vital part of our operation, and we guarantee safety to lives, facilities and environment

- **INTEGRITY**

We display integrity at all times. we support the sense of doing what is right through a culture of open communication and a spirit of teamwork. The teamwork is to support each other in creating a superior work environment while our open communication with ethics and fairness is by doing what we say and saying what we do to inspire trust in our employees, partners, and customers for the attainment of excellence and efficiency.

- **PROFESSIONALISM**

Our skilled personnel are competent and hardworking. We apply the best standards in our conduct and service delivery and also adhere to the highest standards of our profession. We are also passionate about growth, efficient resource utilization, sustainable innovation and creativity that results in customer's maximum satisfaction.

1. INNOVATION & CREATIVITY:

We think outside the box, we think differently and strive to apply innovative thinking and creativity to everything we do, and for continued success, we must embrace new ideas and encourage employees to look for improvements in the services we are rendering.

1. QUALITY DELIVERY:

The quality philosophy of NIBCO is to meet and/or surpass the most stringent quality standards among Project specifications. Our belief in quality standard drives us to seek out best practices and engage them in any field.

INTRODUCTION

NIBCO ENGINEERING COMPANY LIMITED is a privately held company incorporated in Nigeria in 1992 involved in Civil, Electrical, Mechanical and Oil maintenance works. NIBCO Engineering is a full Oil Field Engineering and Servicing company providing professional engineering, environment, procurement and maintenance services to Nigeria Energy, Oil and Gas Industries. Powered by goal-driven management Team, NIBCO is registered with most joint ventures operators in Nigeria as subsidiaries of Nigerian National Petroleum Corporation (NNPC) and is armed with the necessary statutory requirement for DPR and FEPA, within the period of existence in the Industry.

NIBCO has a Base Office in Port Harcourt at No. 24 PH/ABA Express way, Oyigbo, Rivers State, Nigeria, Construction/Fabrication Yard at No. 55 PH/ABA Express way, Oyigbo, Rivers State, while two(2) Branch Offices are located at Abraham Ogar House (CANMPSSA) KM 40 Lagos-Abeokuta Express Road beside Coronation Gas and Power Limited Ijako, Sango Otta Ogun State and No. 10 Adielu Road, Osisioma Aba, Abia State.

NIBCO has earned respect as a high profile and corporate organization which believes in safe, quality and timely job completion and customer satisfaction. Our firm commitment to timely problem solving provides our clients ongoing value and satisfaction.

NIBCO believe in Total Quality Service and deploys unique and experienced professionals to deliver excellent and most cost effective solutions to problems.

OUR SERVICES

1. PROJECT MANAGEMENT SERVICE: ⇨

- Procurement service
- Project Management
- Project Control, scheduling and budget estimating
- Document Management

2. MECHANICAL / PIPING: ⇨

- Detailed design preparation
- Mechanical / Piping Construction (Fabrication / installation)
- Facilities Maintenance / Upgrade
- Nitrogen purging
- Commissioning / Start-up services
- Quality Management of Works

3. BUILDING / CIVIL / STRUCTURAL: ⇨

- Detailed design preparation
- Civil / Structural Construction (Fabrication / installation)
- Commissioning / Start-up services
- Quality Management of Works

4. ELECTRICAL / INSTRUMENTATION: ⇨

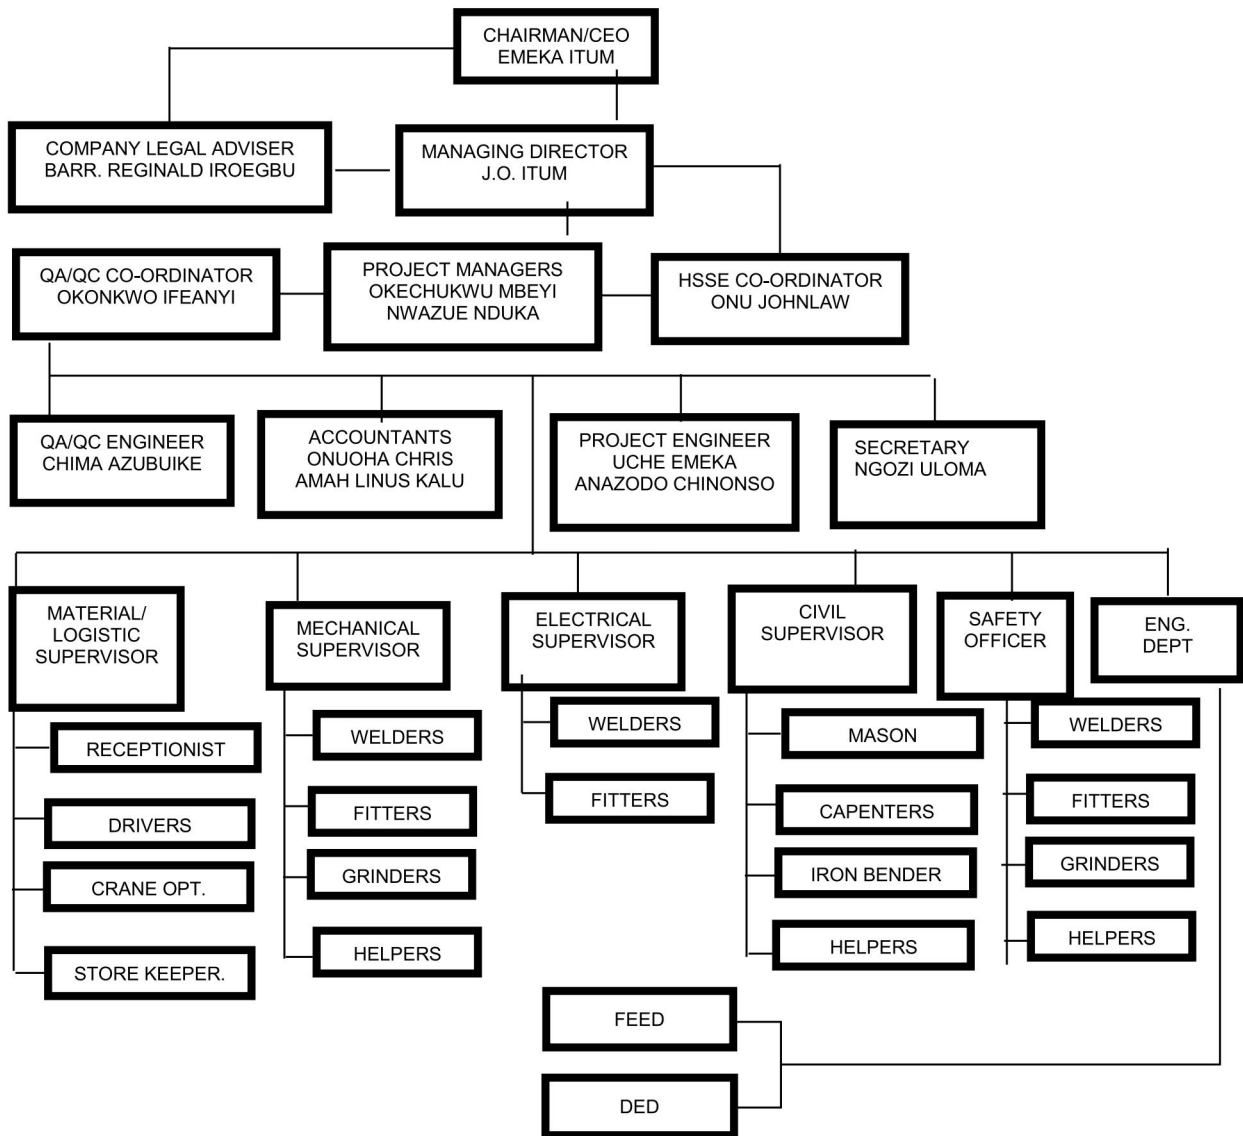

- Detailed design preparation
- Electrical / Instrumentation installation
- Cathodic Protection
- Commissioning / Start-up services
- Quality Management of Works

5. ENGINEERING: ⇨

- Engineering Studies
- Front-End Engineering Design (FEED)
- Detailed Engineering Design (DED)

CORPORATE ORGANOGRAM

QUALITY HEALTH SAFETY & ENVIRONMENT

The Company has established a Quality Assurance System in order to plan and control all activities affecting the quality of the products or services provided.

For any project NIBCO Engineering Company Limited executes, Quality, Safety and Environmental Protection are a Quality Policy Statement has a HSE policy to ensure that the Safety and wellbeing of its staff are not compromised in its quest for excellence.

Our policies are aimed at delivering high quality services and prevention and control of losses.

QUALITY POLICY STATEMENT

NIBCO ENGINEERING COY. LTD

Oil Field Contractors, Welding Engineering, Pipeline Construction, Fittings, Supplier of Welding Materials, Plant Hire, Steel Works and General Contractors

Tel: 0803 3050484, 0803 3050485 Website: info@nibcoengineering.com Add.: 24 PH/Aba Expressway, Oyigbo, P.O. Box 3780, Port Harcourt, Rivers State.

Quality Policy Statement

It is the Policy of NIBCO ENGINEERING COMPANY LTD. (referred to as NIBCO in this document) to operate a Quality Management System which is aimed at maintaining highest quality requirements in engineering design, procurement and construction.

We aim to always achieve customer satisfaction by consistently meeting requirements.

To achieve the above, the expectations, needs and requirements of our customers and other interested parties must be identified and satisfied - or exceeded where possible.

We are committed to maintaining and continually improving our Quality Management System.

This Policy, therefore, shall serve as a directive to all departments, employees and suppliers of NIBCO to work within the Quality Management System to provide products and services, which shall comply with the applicable statutory requirements, international standards, contractual requirements and project specifications and procedures.

OUR TEAM PROFILE

Chief Emeka Itum
Director (President)

Chief Emeka Itum completed his primary education in Eluama Primary School and joined Agams Technical under Shell BP where he obtained American Petroleum Institute (API 1104) in Welding. In 1971, he joined Wilbros as an X-ray Welder and was promoted to Welding Instructor in 1974 . He spent four years on the position and trained over 300 X-ray Welders. In 1978, he was made the Assistant Superintendent and was sent for both Offshore and Onshore Flowlines and Pipelines Projects and acquired experience.

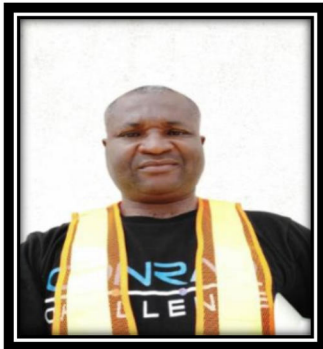

He was trained on Hydrocarbon fabrication in Oil & Gas Projects. He has 46 years' experience in the Oil & Gas Industry and has successfully Directed NIBCO Engineering limited till present day.

Chief Joseph Ogbuagu
Managing Director

Chief Joseph Ogbuagu completed his Secondary education in Eluama Secondary School Abia state. He went to the United kingdom June 1968 for some business exchange. He later relocated to Italy for Business.

He joined NIBCO Engineering Limited 1974 as a Shareholder / Managing Director. He currently has 46 years experience in the Oil & Gas Industry and has successfully managed the Company till present day.

Okechukwu Mbeyi
Project Manager (Lagos - Ota Region)

He holds a B.Eng in Polymer Engineering from the Federal University of Technology, Owerri., Imo State. As a certified, Health, Safety and Environment (HSE) officer from the Nigeria Institute of Safety Professionals (NISP) and having attended many courses on pipeline/flowline engineering and construction.

He started his journey into the Oil and Gas industry in 2003 at Contrust Engineers LTD, Port Harcourt. Prior joining NIBCO in 2007, he worked at JN counsel Tech LTD in 2004 and quickly rose through the ranks to become the project supervisor.

Mr. Okechukwu is currently a Project Manager at NIBCO Engineering company. He has contributed to the steady growth of NIBCO into being a foremost oil and gas engineering and maintenance services company in Oil and Gas industry over the last 13 years.

Today, Okey brings over 15years of seasoned and practical Engineering, pipeline design & drafting, project planning and managerial acumen to sustain the leadership, vision and guidance that has positioned NIBCO to it's present status in the Oil and gas industry. He is happily married with kids.

Nwazue Nduka Ogbuagu
Project Manager (PH - Aba Region)

He completed his secondary school education in Airforce Secondary school Port Harcourt 2002, obtained his First degree in Mechanical Engineering in Federal University of Technology (FUTO) Owerri, Imo State at 2008 and Masters Degree in Controls and Instrumentation Engineering in Coventry University United Kingdom 2012.

Upon the completion of his Masters degree, he joined Brose Limited United Kingdom from 2012 to 2013 as a Control Engineer. He later joined CICO Engineering limited as a Planning Engineer between 2013 to 2016.

Currently he works with NIBCO Engineering Limited as the Project Manager. He has a cumulative working experience of 8 years in the Oil & Gas Industry. He is married with three beautiful children.

Ifeanyi Okonkwo
QA/QC Coordinator'

He holds a Bachelors Degree in Materials and Metallurgical Engineering from Federal University of Technology Owerri.

He also holds A Masters Degree in Corrosion Control Engineering from The University of Manchester, England.

He has worked on a number of EPC Projects in the Oil and Gas Industry as Quality Inspector and Quality Engineer.

He currently works with NIBCO Engineering Limited as QA/QC Coordinator

Onu Johnlaw Uchenna
HSE Coordinator'

He holds a Bachelors Degree in Business Administration in University of Nigeria Nsuka (UNN), Enugu State.

He has worked in various EPC Projects with ERDIS NIG, SURVICOM, CICO Construction & Leasing Company Ltd and some others and has acquired rich wealth of experience.

He has undergone HSE Trainings and obtained certificates too.

Dear Sir,

**RE: COMMENCEMENT / STATUS OF NIBCO ENGINEERING COMPANY LTD'S ISO 9001:2015
CERTIFICATION**

We are glad that you contacted us regarding the status of NIBCO Engineering Company Ltd (NIBCO) ISO 9001:2015 certification. At the moment, your company, has paid in full the required certification fees and pre-certification requirements covering the following scope of operations:

- (a) Engineering Services
- (b) Procurement Services
- (c) Construction Services

NIBCO also completed the ISO 9001:2015 awareness and implementation course for its personnel at their office complex at 24/55 Port Harcourt/Aba Expressway Oyigbo Rivers State, on the 4th and 5th of June 2023.

Having met with the pre-certification requirements, System Certifications Limited (SCL) in line with the requirements of ISO/IEC 17021 and ISO 19011, has further slated its first-stage audit to hold at the NIBCO business premises on the 10th of August 2023.

We will do our best to update your certification progress from time to time until the process is completed
